

## **Wynyard Hall Wynyard TS22 5NF**

**7<sup>th</sup> November 2008**

### **'People Who Need People'**

2<sup>nd</sup> Bi-annual Conference hosted by the Tees Valley, Durham and North Yorkshire Neurological Alliance

Join us in the unrivalled surroundings of the newly renovated Wynyard Hall for a chance to share the knowledge, skills and experiences of those providing services for, managing or caring for a neurological condition.

The Alliance was formed to give a strong voice for patients and carers to highlight the similarities in the difficulties they face trying to manage life with a neurological injury, condition or disease.

The conference offers a positive focus on how we can bring about more responsive services for personal care and support. Set alongside the requirements of the DoH *NSF for Long Term Neurological Conditions* and HM Government's *Putting People First*, we draw together speakers who consider some of the most pressing issues today and raise debate on how to shape the services patients and carers need for the future.

We offer time to;

Learn about and try out new assistive communication technologies;

Visit our new website;

Create new communication networks;

Share good practice;

Convivial surroundings, communication and collaboration  
Invaluable opportunity
